

# Do you have what it takes to be a **RECYCLE PARENT? YES!**

**You only need to do three things:**

**1. Send an email**

Every month, simply send an email to your child's classroom parents (or to the teacher to forward to the parents) reminding them of the upcoming Recycling Day

**2. Volunteer for only 4-5 sessions all year. 1 hour each, usually done before 9:15 am**

On recycling day, help gather the bags and join the caravan bringing them to the recycling center on Busch Rd. There, we sort the bags by material and grade level (active work, bring gloves!)

**3. Share in the money**

Let your classroom know how they did each month! Last year, \$2,600 was given to the classrooms through this program

**\$\$\$ One of the easiest and most rewarding ways to give to your classroom \$\$\$  
Great for working parents who have a little flexibility a few mornings a year!  
Share the job and only work one or two times!**

**First recycling day of the year - Friday September 14**

Friday October 19      Friday December 14      Friday January 25      Friday February 22  
Friday March 22      Friday April 26      Friday May 24

**Teachers:**

**Email your parent volunteer name and email address ASAP to**
